INTRODUCTION

Ouruhia is a full primary school teaching children from Year 0/1 to Year 8. It is situated in the green belt on the northern outskirts of Christchurch.

Ouruhia School was opened in 1914 as a sole charge school. It became a “model school” in the 1950’s. A model school is one which trainee teachers (students) attend for a period of practical teaching experience under the guidance of experienced teaching staff. Trainees observe and assist the regular teacher and also take classes.

Because of the good facilities, qualified teaching staff, pleasant grounds and closeness to town (i.e. Christchurch College of Education), Ouruhia is well suited for this role. Our multi-level classes provide students with teaching experiences similar to those they would meet in a rural school. Schools which have this close association with the College of Education are called "normal schools" (if they are urban) and "model schools" (if they are rural).

The school has had an enrolment scheme in place since 1994. Only children living within the home zone are guaranteed direct enrolment at Ouruhia. Others are accepted if class sizes permit. In recent years our roll has grown as pupils have drawn from an area from Brooklands to Belfast, Kaiapoi and beyond. In 2001 Ouruhia changed from a three-teacher to a four-teacher school. In 2008 a fifth classroom was created. At present we are operating essentially as a four-teacher school again.

Following the earthquakes of 2010 and 2011, which seriously damaged many of the homes in the Brooklands/Spencerville area but not the school itself, the Ministry of Education undertook a review of the whole school network in Christchurch. Ouruhia School remained open following the 2012 review. In 2017 the Ministry of Education asked us to survey the community about future options for our school; we decided to stay on our current site and now look forward to an exciting, certain and positive future.

Families at Ouruhia represent a diversity of occupational backgrounds, not just traditional horticultural, orchard and farm based occupations one would expect from this area.

Details of the enrolment scheme are available from the office.
School Vision:

Whāia te mātauranga hei oranga mō koutou
Learning for Life and Making it Count

Strategic Theme:
To achieve our vision, our learning is based around…
Our People, Our Place, Our Future

Our Students are:

- Thinkers, and
- Independent learners,
- Who are Caring & Sharing, and
- have a Can-do Attitude

An Ouruhia Learner is a Thinker (Tamaiti Whakaaroaro) because we value curiosity, critical thinking and creativity.

An Ouruhia learner is Independent, showing Motuhaketanga, because we value self-management, initiative and BEST effort.

An Ouruhia learner is Caring & Sharing having Manaakitanga me te Aroha, because we value respect, co-operation, diversity, responsibility, commitment and service to others.

An Ouruhia learner has a “Can Do” Attitude (Manawanui) because we value perseverance, resilience, determination and enterprise.
Core Beliefs:

At Ouruhia School we believe in…

- Providing a **safe, happy & challenging** learning environment
- Respecting one another – valuing **good manners & positive behaviour**
- Providing **stimulating programmes** that cater for **individual needs, abilities and interests**
- Doing the **basics** best – Literacy, Numeracy and the Key Competencies
- Providing children with **quality** experiences across the full curriculum
- Teaching children **how to learn, set goals and reflect** on their learning
- Valuing and **accepting individual differences**
- Maintaining a **positive partnership** between teachers and parents
- Staff supporting one another and working as a team, aspiring to **professional excellence**
- Maintaining the friendly **family atmosphere** of our small country school

What we like about our school:

When revising our Charter we put a questionnaire to our parents and the comments they made sum up what we feel is unique and special about our school:

- **Provides good quality education/ more learning**
- **Small school/ caring community**
- **Small class sizes/ more individual attention**
- **Teachers get to know children well**
- **Country/ rural/ family atmosphere**
- **High calibre of teachers**
- **Parents involved and informed**
- **Staff accessible**

We would like to maintain these characteristics about our school through our policies, procedures, teaching practices and interactions within the school and our community.
Recognising New Zealand's Cultural Diversity

Ouruhia School will develop procedures and practices that reflect New Zealand’s cultural diversity and the unique position of Maori culture.

In recognising the unique position of the Maori culture, Ouruhia School will take all reasonable steps to provide instruction in tikanga (Maori culture) and te reo Maori (Maori language) for students whose parents request it. Our teachers are expected to be working towards the Tātaiako cultural competencies (see next page, or https://educationcouncil.org.nz/required/Tataiako.pdf)

At Ouruhia School we currently…

- Teach te reo Maori (Maori language) to an elementary level (greetings, counting, basic vocabulary for everyday items, pronunciation of place names) in all classes.
- Expect all children to learn our school pepeha and several waiata for hui.
- Encourage staff to further develop their confidence and competence in speaking Te Reo.
- Sing waiata (Maori songs) in assembly, classroom music and choir.
- Train a kapa haka group each year for performance to an audience.
- Use elements of Maori protocol as part of any official ceremony.
- Use resources in the curriculum (especially Reading, Maths, Science, Social Science, Art, Music & Phys Ed) which recognise New Zealand’s dual cultural heritage.

If a whanau requests a higher level of tikanga and/or te reo than is at present evident in our school’s Maori programme, the staff and family will discuss and explore the following options:

- Further explanation of existing programmes
- Further extend the existing programmes if and as appropriate
- Combine with a neighbouring school for parts of the day/programme
- Provide in-school support and resources to further enhance inclusion of te reo and tikanga Maori within the child’s classroom
- Dual enrolment with The Correspondence School
- Explore other schools which may offer programmes closer to their expectations
- Use of community expertise (people and places) to help with any of the above
Tātaiako: Cultural Competencies for Teachers of Māori Learners

Our teachers are expected to be working towards the Tātaiako cultural competencies - see https://teachingcouncil.nz/sites/default/files/Tataiako_FINAL_web_mar16.pdf

| **School Culture:** | - Our students, teachers and parents know that our values (Manaakitanga me te Aroha; Tamariki Whakaaroaro; Motuhaketanga; Manawanui) form our character...the people we want to be  
- Our values are evident and talked about in all areas of school life | **2021** | **2022** | **2023** |
| **Localised Curriculum:** | - Curriculum reflects the uniqueness of Ouruhia (location, history, environment, the Arts & community) | | | |
| **Learning for Life & Making it Count** | - Students are curious and knowledgeable about their world (Science, Social Science), and love learning any time, any place.  
- Students have skills for a healthy and positive life (Health & PE; The Arts)  
- Students have a sense of Kaitiakitanga for our world, Manaakitanga for our people, and a desire to make difference to care for each other and our place.  
- Our students are becoming critical, active, informed and responsible citizens, prepared to take social action | **Enriching the whole curriculum** | | |
| **Localised curriculum** | - Students involved in planting projects in Brooklands/Te Riu o Te Aika Kawa, Pūharakekenui and Spencerville;  
- Students engaged in integrated local learning involving literacy, Maths, Science, Social Science and Te Reo (Goal a. above)  
- Planning Folder guidelines for Science, Social Science updated (rich learning; teaching expectations; planning & tracking guide) | | | |
| **Learning for Life & Making it Count** | - Students and teachers use Seesaw to demonstrate love of learning in a range of learning areas  
- Students and teachers select significant work samples as evidence of learning (Seesaw and cumulative files) | | | |
| **School culture** | - Maori kupu for school values, school waiata and some karakia learnt for assemblies and special occasions  
- Students & teachers explore the many strands contributing to each school value | | | |

1. **School culture and localised curriculum are built around Our People (Our Values, Our Heritage, The Arts and PB4L principles), Our Place (Environment, History & Science) and Our Future (Health & Wellbeing, Social Action, Technology & Sustainability)**

**Principal’s 2021 Annual Plan**

**Strategic Theme:**
**Our People, Our Place, Our Future**

**Sub Goal a)** To support teachers to continue improving their knowledge and skills for teaching, learning, assessment & reciprocal relationships

**Indicators**
- All teachers participate in quality professional development each year (externally and internally provided)
- Teachers implement their new skills and knowledge – evidence in classroom practice and planning (see appraisal plans)
- All students make progress each year
- Improved numbers of students achieving At / Above the expected curriculum levels, and good progress for those Below
- Valid and multiple assessment methods used, especially in Reading, Writing & Maths
- Students at risk and Gifted & Talented students are identified and provided with programmes to suit their needs
- Teachers reflect, review and evaluate the impact of teaching strategies & initiatives on students’ learning (journals; appraisal plans; teaching as inquiry)

**Baseline Data (Why the goal was chosen)**

| Writing and Maths achievement traditionally lower than Reading |
| Boys achieve lower in Writing compared to Girls |
| Teachers sometimes disagree about OTJs in Writing and Maths |
| Maths improvement through ALIM needs to be sustained |

**Annual Goals & Targets**

1. Improvement of Teacher practice and student engagement and achievement in **Reading**
   - **READING** (Structured Literacy)
     - Working with Te Kahui Ako Kātote to improve teaching & learning in **Structured Literacy** (Reading & Spelling)
     - **FINDING OUT:** Teachers investigate rationale & resources and observe other teachers; student voice & attitude pre-assessment
     - **BEGINNING:** Assess children and decide on a starting point - modify part of Reading/Writing approach
     - **REFLECTING:** Monitor children’s attitudes and progress, resources and teacher needs, successes and concerns. Share findings with colleagues.

2. Improvement of Teacher practice and student engagement and achievement in **Maths**
   - **MATHS**
     - Creating engaged thinkers in Maths…student speak and problem solving approach
     - Maximise the Maths - is significant learning happening?
     - Identify, monitor and plan for multiple levels within class
     - Manageable individual learning plans for at-risk and advanced kids

**Actions to Achieve (How will we know?)**

**Progress/Next Steps**

| 2020 Next steps: |
| **o** Balancing mixed-ability groupings with catering for all needs. |
| **o** Planning and monitoring based on needs (assessment data has a purpose). |
| **o** Useful records – what, why, how often? Hard copy or electronic? What to send when changing schools... |

| 2021: |
| **o** |
- Emerging research and trends in teaching & learning point to more student-centred learning
- Teachers are developing Teaching Inquiry process...need more focus on progress/changes made by students (and evidence)
- New Learning Support Coordinator (LSC)

- Kapa Haka programmes strengthened

**2020 Next steps:**
- explicitly identifying and teaching the skills needed to work co-operatively in a group. Part of group work is not just to work together, but to reflect on how well the group is or isn’t working.
- teachers explore when and how to manage and use student centred learning.
- Arts network didn’t happen, but Kātote has Arts as a focus next year

### Students are supported because teachers show strong commitment to Tātaiako cultural competencies

**Bicultural practices**
- Maintain links with local Maori resource people;
- Strengthen Te Reo confidence across staff (usable resources);
- Use school waiata, pepeha, local history;
- Bi-lingual signage in classroom and school;
- Partnership with whanau;
- Using student progress data to drive changes in practice;
- Teachers set personal development goals for Tātaiako cultural competencies

**2020 Next steps:**
- TO DO - whānau consultation & feedback meetings
- Incorporating Te Ao Māori view in local curriculum
- Continue to unpack Tātaiako for staff competency
- Principal supporting teachers with regular (weekly) Reo sessions, and encouraging a more structured approach to learning Te Reo
- Whānau involvement; hāngi; weaving...

### We want our students to become independent, thinking, life-long learners

### Recent Principal’s sabbatical investigating Performing Arts

### Students know how to learn

**Learning to learn**
- Students learn and practise cooperative, self-managing and reflective skills for a range of work situations
- Students identify and work towards “next steps” (with parents and teachers) across several learning areas. (Age appropriate)

**The Arts**
- Teachers plan and deliver rich, quality programmes in the Arts
- Creating love of learning, participation and performance through the Arts...especially Drama, Dance and Music
- Kapa Haka programmes strengthened

**2020 Next steps:**
- explicitly identifying and teaching the skills needed to work co-operatively in a group. Part of group work is not just to work together, but to reflect on how well the group is or isn’t working.
- teachers explore when and how to manage and use student centred learning.
- Arts network didn’t happen, but Kātote has Arts as a focus next year

### The Arts are valued by students in our school

## Principal’s 2021 Annual Plan

### Strategic Theme: Our People, Our Place, Our Future

### Sub Goal c) To maintain a strong school culture & localised curriculum which prepares and motivates all of our students for life-long learning

### Tangata Whenuatanga

#### Indicators

**School Culture:**
- Our students, teachers and parents know that our values (Manaakitanga me te Aroha; Tamariki Whakaaroaro; Motuhaketanga; Manawanui) form our character…the people we want to be
- Our values are evident and talked about in all areas of school life

**Localised Curriculum:**
- Curriculum reflects the uniqueness of Ouruhia (location, history, environment, the Arts & community)

**Learning for Life & Making it Count**
- Students are curious and knowledgeable about their world (Science, Social Science), and love learning any time, any place.
- Students have skills for a healthy and positive life (Health & PE; The Arts)
- Students have a sense of Kaitiakitanga for our world, Manaakitanga for our people, and a desire to make difference to care for each other and our place.
- Our students are becoming critical, active, informed and responsible citizens, prepared to take social action

### Baseline Data (Why the goal was chosen)

- ERO report 2018.
- Our Board strives to continually improve its practice, and do the best for our kids

### Annual Goals & Targets

1. Continue to improve **internal evaluation practices**
2. Strengthen and embed current **bicultural practices**
   
   ERO 2018 p3

### Actions to Achieve (How will we know?)

**Strategic Planning/Review**

- Regular (each term) Board audits/reviews covering a range of ERO Dimensions and curriculum areas.
- Board audits/reviews include an **evaluation of the impact** of strategies & initiatives to improve learning outcomes

**Bicultural practices**

- See Sub-Goal b) 2, above

### Progress/Next Steps

- **2020 Next steps:**
  - Maintain ongoing review. This includes Principal driving curriculum review with staff, within a manageable staff meeting schedule.
- **2021:**
- We value the partnership with our community, and strive to keep parents well-informed, supported and involved in our school

3. Encourage **parents and staff** to give **feedback** about the operations of the school and feel involved

Ouruhia Model School Student Achievement Targets 2021

Student Achievement Targets this year are based on data taken from 2020 end of year reports, and staff review and reflection on what we know about student achievement at Ouruhia.

**Annual Target: 2021/1**

*To increase the number of students achieving at or above the expected curriculum level for Reading & Writing:*

**Targets:**

Target children (achieving below the expected curriculum level in 2020 or “at risk”) in Years 2 - 8 will make more than one year’s progress (accelerated progress) in relation to Reading (and Writing) in the NZ Curriculum.

**Why this target?**

Reading and Writing achievement has been lower than we want and has become a focus both at Ouruhia School and in our Kāhui Ako Kātote. Some local schools have been getting positive results in the past 2 years through “Structured Literacy”, so we want to find out more about that and whether it will work in our school. At the end of 2020 around ⅔ of our pupils (64% of boys and 68% of girls) were judged to be achieving at or above the expected curriculum level for Reading, and just over half (55%) of our pupils (42% of boys and 63% of girls) achieving at or above expected levels in Writing. Since the earthquakes, we seem to have been having more and more children requiring Reading Recovery as they have not been responding as well as in the past to classroom literacy programmes. We identified 12 boys and 14 girls causing concern from last year’s Reading data, and initial testing at the beginning of 2021 (Total 26 children, including 3 Māori ākonga)

**What will we do?**

<table>

Annual Target: 2021/2
To increase the number of students achieving at or above

the expected curriculum level for Maths:

**Targets:**
Target children (achieving below the expected curriculum level in 2020 or “at risk”) in Years 2 - 8 will make more than one year’s progress (accelerated progress) in relation to the relevant Maths Curriculum level. Pay special attention to progress of Maori students.

**Why this target?**
Traditionally Maths achievement has been lower than Reading at Ouruhia. Some gains had been made while our school focused on Maths with ALiM (Accelerated Learning in Maths) in 2015 and 2016, but these gains were not maintained from 2018 to 2020 (some of which may have been due to turnover of students). At the end of 2020 only about half (51%) of our children were judged to be achieving at or above the expected curriculum level for Maths. 36% of our Maori students, 48% of our boys and 54% of our girls achieved at expected levels. We identified 10 boys and 22 girls causing concern from last year’s data and initial testing at the beginning of 2021 (Total 32 children, including 5 Māori ākonga.)
